

# KP-700

## Wireless RFID Keypad

- Compatible for any Chuango alarm system
- Password validation enhances security
- Support for RFID cards, tags and other 125kHz passive transponders
- Transmit distance: ≤80m (open area)

### Specifications

**Product Name:**

Keypad

**Model No.:**

KP-700

**Power Supply:**

3 pcs of AAA batteries or DC 12V

**Static Current:**

≤ 3uA (powered by batteries)

**Transmitting Current:**

≤ 10mA

**RFID Tags Supported:**

50pcs

**Transmitting Distance:**

≤ 80m ( in open area)

**Radio Frequency:**

315MHz or 433MHz

**Housing Material:**

ABS plastic

**Operating Temperature:**

-10°C~55°C

**Relative Humidity:**

≤ 80%RH (non-condensing)

**Dimensions:**

135 x 90 x 15mm

**Net Weight:**

90g

### Package Includes

- Keypad x 1
- AA 1.5V LR03 battery x 3
